# Product design

Transormable table. Chair and table in one object.

Cardboard furniture for 3-4 years children.  
Ecological, cheap furniture, perfect for growing child.

A concept of water bicycle.  
They can connect to each other

# Projects and workshops

Workshop with Jan Korbes (Holland).  
Project: to make a lamp of garbage.  
This project was made with other student  
Indre Grumbinaite.

Firs project: "Connecting people"  
Made of telephones conected to each other.

Second project: "Little lights"  
Made of old briefcase and some parts  
of telephone.

Also these lights were exponated in  
design magazine's "Centras"  
exhibition.

Project "Kiauras"  
Together with:  
T.Brundzaite and  
I.Anceviciute

Flayer design for the project

"100 rabbit in the city"  
Project with lithuanian and swiss students
